

Wider Curriculum Opportunities

Wider curriculum opportunities encompass activities and experiences that go beyond the core subjects (such as English, maths, and science) to enrich pupils' learning, personal development, and skills.

We plan opportunities that are linked to children's learning. Alongside the below opportunities, each year all of our pupils will take part in:

- Coppice 50
- Forest School Sessions (weekly in EYFS and one half-term in Y1-6)
- Pupil Voice Conference
- Life Skills Day
- Around the World Afternoon
- Themed Days (e.g, Rock Hero Day, World Book Day etc.)
